Re: First Request for Information; Portland Harbor Superfund Site, Portland, Oregon.

Dear Sir/Madam:

The United States Environmental Protection Agency, Region 10 (EPA) continues to investigate the releases or threat of releases of hazardous substances associated with the Portland Harbor Superfund Site (Site). EPA seeks your cooperation in this investigation.

EPA, with the cooperation of numerous companies and government entities, is undertaking an investigation of the nature and extent of contamination at the Site and assessing the risks to human health and the environment associated with the contamination. The investigation and analysis currently being conducted is called a Remedial Investigation and Feasibility Study (RI/FS). The RI/FS is anticipated to be completed in 2009. Afterward, EPA will select a cleanup plan for the Site through a Record of Decision, which is likely to be issued in 2010.

EPA is now seeking information from current and past landowners, tenants, and other entities believed to have information about activities that may have resulted in releases or potential threats of releases of hazardous substances to the Site. This information will be used for the purposes of determining the need for response, or choosing or taking any response action at the Portland Harbor Superfund Site, and to identify additional potentially responsible parties for performing the cleanup.

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9604(e), you are

hereby requested to respond to the Information Request attached to this letter. While EPA seeks your voluntary cooperation with this investigation, compliance with the Information Request is required by law. Failure to respond fully and truthfully to the Information Request by the due date provided below may result in an enforcement action by EPA. Under Section 104(e)(5)(B) of CERCLA, 42 U.S.C. § 9604(e)(5)(B), pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990, 28 U.S.C. § 2461, as amended by the Debt Collection Improvement Act of 1996, 31 U.S.C. § 3701, EPA is authorized to commence an action to assess civil penalties of not more than \$32,500 per day for each day of noncompliance against any person who unreasonably fails to comply with an Information Request.

Please note that responses which are incomplete, ambiguous or evasive may be treated as non-compliant with this Information Request. Also be further advised that provision of false, fictitious or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. § 1001. You have an ongoing duty under this first Information Request to supplement your response with any additional information or documents that become available or known to you after you submit your response. This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. § 3501.

Please carefully read the Instructions and the Definitions that are attached to the Information Request. In addition to important information about how to respond to this Request, there are also directions about how the response must be submitted to EPA. The Instructions also provide information concerning a website where you may find a list of documents related to one or more of your Properties already in EPA's possession. If EPA has a document, you still must identify or describe information from or relevant to the document in response to questions asked, but you will not have to provide another copy of the document. Please note, if a document is not specifically described on EPA's Portland Harbor website, you must provide a full and complete copy to EPA as instructed in the Information Request, even if you believe EPA may have the document. EPA's Portland Harbor website is located at the following URL:

CERCLA SECTION 104(e)

INFORMATION REQUEST

Please note: This Information Request includes instructions for responding to this request and definitions of words such as “Respondent,” “Property,” “Material,” “Identify,” and “Investigation Area” used in the questions. Please provide responses to all the questions in this Information Request for each Property identified in response to Question 4 of Section 2.0, when appropriate. You must answer the Questions in this Information Request related to properties or facilities outside the Investigation Area if Question 4, Section 2.0 specifically instructs you to do so. For each response clearly identify the Property or Properties to which the response applies.

INFORMATION REQUEST QUESTIONS

Section 1.0 Respondent Information

1. Provide the full legal, registered name and mailing address of Respondent.
2. For each person answering these questions on behalf of Respondent, provide:
 - a. full name;
 - b. title;
 - c. business address; and
 - d. business telephone number, electronic mail address, and FAX machine number.
3. If Respondent wishes to designate an individual for all future correspondence concerning this Site, please indicate here by providing that individual's name, address, telephone number, fax number, and, if available, electronic mail address.

Section 2.0 Owner/Operator Information

4. Identify each and every Property that Respondent currently owns, leases, operates on, or otherwise is affiliated or historically has owned, leased, operated on, or otherwise been affiliated with within the Investigation Area during the period of investigation (1937 – Present). Please note that this question includes any aquatic lands owned or leased by Respondent.
5. Provide a brief summary of Respondent’s relationship to each Property listed in response to Question 4 above, including the address, Multnomah County Alternative Tax lot Identification number(s), dates of acquisition, period of ownership, lease, operation, or affiliation, and a brief overview of Respondent’s activities at the Properties identified. Additionally, provide the aforementioned information regarding any Property which was

or is owned by any affiliated entity, including, but not limited to the following:

- a. Knappton Corporation;
 - b. Brix Maritime Co.;
 - c. Brix Maritime Towing, Inc.;
 - d. Brix Rafting & Sorting Co.;
 - e. Twin City Barge, Inc.; and
 - f. Arthur A. Riedel.
6. Identify any persons who concurrently with you exercises or exercised actual control or who held significant authority to control activities at each Property, including:
 - a. partners or joint venturers;
 - b. any contractor, subcontractor, or licensor that exercised control over any materials handling, storage, or disposal activity on the Property; (service contractors, remediation contractors, management and operator contractors, licensor providing technical support to licensed activities);
 - c. any person subleasing land, equipment or space on the Property;
 - d. utilities, pipelines, railroads and any other person with activities and/or easements regarding the Property;
 - e. major financiers and lenders;
 - f. any person who exercised actual control over any activities or operations on the Property;
 - g. any person who held significant authority to control any activities or operations on the Property;
 - h. any person who had a significant presence or who conducted significant activities at the Property;
 - i. any government entities that had proprietary (as opposed to regulatory) interest or involvement with regard to the activity on the Property; and
 - j. all information regarding but not limited to the following entities
 - i. Brix Maritime Co.;
 - ii. Brix Maritime Towing Inc.;
 - iii. Brix Rafting & Sorting Co.; and
 - iv. any agreements between Stanley C. Wagner and the Brix Maritime Company doing business as Foss Maritime Company.
7. Identify and describe any legal or equitable interest that you now have, or previously had in each Property. Include information regarding the nature of such interest; when, how, and from whom such interest was obtained; and when, how, and to whom such interest was conveyed, if applicable. In addition, submit copies of all instruments evidencing the acquisition or conveyance of such interest (e.g., deeds, leases, purchase and sale agreements, partnership agreements, etc.).
8. If you are the current owner and/or current operator, did you acquire or operate the Property or any portion of the Property after the disposal or placement of hazardous

substances, waste, or materials on, or at the Property? Describe all of the facts on which you base the answer to this question.

9. At the time you acquired or operated the Property, did you know or have reason to know that any hazardous substance, waste, or material was disposed of on, or at the Property? Describe all investigations of the Property you undertook prior to acquiring the Property and all of the facts on which you base the answer to this question.
10. Identify all prior owners that you are aware of for each Property identified in Response to Question 4 above. For each prior owner, further identify if known and provide copies of any documents you may have regarding:
 - a. the dates of ownership;
 - b. all evidence showing that they controlled access to the Property;
 - c. all evidence that a hazardous substance, pollutant, or contaminant, was released or threatened to be released at the Property during the period that they owned the Property; and
 - d. all information requested in (a) through (c) above regarding but not limited to the following entities:
 - i. Knappton Corporation;
 - ii. Arthur A. Riedel;
 - iii. Glen A. Widing;
 - iv. Oregon Asset Co.; and
 - v. Portland Manufacturing Co.
11. Identify all prior operators of the Property, including lessors, you are aware of for each Property identified in response to Question 4 above. For each such operator, further identify if known and provide copies of any documents you may have regarding:
 - a. the dates of operation;
 - b. the nature of prior operations at the Property;
 - c. all evidence that they controlled access to the Property;
 - d. all evidence that a hazardous substance, pollutant, or contaminant was released or threatened to be released at or from the Property during the period that they were operating the Property; and
 - e. all information regarding but not limited to the location, operations, and dates present on the Property for the following past operators:
 - i. Twin City Barge, Inc.;
 - ii. Brix Rafting and Sorting, Co.;
 - iii. Knappton Corporation;
 - iv. Arthur A. Riedel;
 - v. Glen A. Widing;
 - vi. Oregon Asset Co.; and
 - vii. Portland Manufacturing Co.

12. If not included in response to any of the previous questions, please describe the purpose and duration of each aquatic lands lease Respondent or the operator of Respondent's Property(ies) ever obtained from the State of Oregon and provide a copy of each application for and aquatic lands lease obtained.

Section 3.0 Description of Each Property

13. Provide the following information about each Property identified in response to Question 4:
- a. property boundaries, including a written legal description;
 - b. location of underground utilities (telephone, electrical, sewer, water main, etc.);
 - c. location of all underground pipelines whether or not owned, controlled or operated by you;
 - d. surface structures (e.g., buildings, tanks, pipelines, etc.);
 - e. over-water structures (e.g., piers, docks, cranes, etc.);
 - f. dry wells;
 - g. treatment or control devices (e.g., surface water, air, groundwater, Resource Conservation and Recovery Act (RCRA), Transfer, Storage, or Disposal (TSD), etc.);
 - h. groundwater wells, including drilling logs;
 - i. storm water drainage system, and sanitary sewer system, past and present, including septic tank(s) and where, when and how such systems are emptied and maintained;
 - j. subsurface disposal field(s), Underground Injection Control (UIC) wells, and other underground structures e.g., underground storage tanks (USTs); and where they are located, if they are still used, and how they were closed. Also for any and all Property including Parcel R961110390, provide all information and documentation regarding but not limited to:
 - i. five (5) USTs installed in 1979. Also, identify which tanks have been removed and/or upgraded pursuant to the underground storage tank regulations; and
 - ii. the condition of UST product lines, including the 60 feet of steel UST lines that were replaced in 1993 as a response to a lube oil release.
 - k. any and all major additions, demolitions or changes on, under or about the Property, its physical structures or to the Property itself (e.g., stormwater drainage, excavation work); and any planned additions, demolitions or other changes to the Property;
 - l. all maps and drawings of the Property in your possession; and
 - m. all aerial photographs of the Property in your possession.
14. For Properties adjacent to the Willamette River, provide specific information describing the river-ward boundary of private ownership and where state aquatic lands and/or state-

management jurisdiction begins. Provide a map that delineates the river-ward boundary of each Property.

15. For each Property, provide all reports, information or data you have related to soil, water (ground and surface), or air quality and geology/hydrogeology at and about each Property. Provide copies of all documents containing such data and information, including both past and current aerial photographs as well as documents containing analysis or interpretation of such data.
16. Identify all past and present solid waste management units or areas where materials are or were in the past managed, treated, or disposed (e.g., waste piles, landfills, surface impoundments, waste lagoons, waste ponds or pits, tanks, container storage areas, etc.) on each Property. For each such unit or area, provide the following information:
 - a. a map showing the unit/area's boundaries and the location of all known units/areas whether currently in operation or not. This map should be drawn to scale, if possible, and clearly indicate the location and size of all past and present units/areas;
 - b. dated aerial photograph of the site showing each unit/area;
 - c. the type of unit/area (e.g., storage area, landfill, waste pile, etc.), and the dimensions of the unit/area including but not limited to all information regarding:
 - i. any outdoor drum storage areas; and
 - ii. the contents and quantity of any material stored in drums at, but not limited to Parcel R961110390.
 - d. the dates that the unit/area was in use;
 - e. the purpose and past usage (e.g., storage, spill containment, etc.);
 - f. the quantity and types of materials (hazardous substances and any other chemicals) located in each unit/area; and
 - g. the construction (materials, composition), volume, size, dates of cleaning, and condition of each unit/area.
17. If the unit/area described above is no longer in use, how was such unit/area closed and what actions were taken to prevent or address potential or actual releases of waste constituents from the unit/area.
18. For each Property, provide the following information regarding any current or former sewer or storm sewer lines or combined sanitary/storm sewer lines, drains, ditches, or tributaries discharging into the Willamette River:
 - a. the location and nature of each sewer line, drain, ditch, or tributary;
 - b. the date of construction of each sewer line, drain, ditch, or tributary;
 - c. whether each sewer line, or drain was ever connected to a main trunk line;
 - d. whether each sewer line, drain, ditch, or tributary drained any hazardous substance, waste, material or other process residue to the Willamette River; and

- e. provide any documentation regarding but not limited to the following on any and all outfalls to the Willamette River which are located within the boundaries of the Property(ies). Your response should include, but not be limited to:
 - i. the areas serviced by the outfalls; and
 - ii. the type of outfall (i.e., storm water or single facility operational).
- 19. Provide copies of any stormwater or property drainage studies, including data from sampling, conducted at these Properties on stormwater, sheet flow, or surface water runoff. Also provide copies of any Stormwater Pollution Prevention, Maintenance Plans, or Spill Plans developed for different operations during the Respondent's operation of each Property.

Section 4.0 Respondent's Operational Activities

- 20. Describe the nature of your operations or business activities at each Property. If the operation or business activity changed over time, please identify each separate operation or activity, the dates when each operation or activity was started and, if applicable, ceased.
- 21. At each Property, did you ever use, purchase, generate, store, treat, dispose, or otherwise handle any waste, or material? If the answer to the preceding question is anything but an unqualified "no," identify:
 - a. in general terms, the nature and quantity of the waste or material so transported, used, purchased, generated, stored, treated, disposed, or otherwise handled;
 - b. the chemical composition, characteristics, physical state (e.g., solid, liquid) of each waste or material so transported, used, purchased, generated, stored, treated, disposed, or otherwise handled;
 - c. how each such waste or material was used, purchased, generated, stored, treated, transported, disposed or otherwise handled by you;
 - d. the quantity of each such waste or material used, purchased, generated, stored, treated, transported, disposed or otherwise handled by you;
 - e. all documentation regarding the hazardous waste generation activities in 1994 that resulted in Brix Maritime d/b/a Foss Maritime's designation as a Resource Conservation and Recovery Act (RCRA) small quantity generator (SQG) of hazardous waste;
 - f. any and all information detailing the point of generation and composition of waste streams at the Property(ies);
 - g. any and all details regarding the excavation, transportation and/or disposal of hazardous substances and wastes generated at the Property; and
 - h. any other entities that were contracted to conduct any services pertaining to the hazardous substances and wastes.
- 22. Describe all activities at each Property that was conducted over, on, or adjacent to, the Willamette River. Include in your description whether the activity involved hazardous substances, waste(s), or materials and whether any such hazardous substances, waste(s),

or materials were discharged, spilled, disposed of, dropped, or otherwise came to be located in the Willamette River.

23. For each Property at which there was or is a mooring facility, dock, wharf or any over-water structure, provide a summary of over-water activities conducted at the structure, including but not limited to, any material loading and unloading operations associated with vessels, materials handling and storage practices, ship berthing and anchoring, ship fueling, and ship building, retrofitting, maintenance, and repair.
24. Describe all activities conducted on leased aquatic lands at each Property. Include in your description whether the activity involved hazardous substances, waste(s), or materials and whether any such hazardous substances, waste(s), or materials were discharged, spilled, disposed of, dropped, or otherwise came to be located on such leased aquatic lands.
25. Please describe the years of use, purpose, quantity, and duration of any application of pesticides or herbicides on each Property during the period of investigation (1937 – present). Provide the brand name of all pesticides or herbicides used.
26. Describe how wastes transported off the Property for disposal are and ever were handled, stored, and/or treated prior to transport to the disposal facility.
27. Has Respondent ever arranged for disposal or treatment or arranged for transportation for disposal or treatment of materials to any Property (including the Willamette River) within the Investigation Area? If so, please identify every Property that Respondent's materials were disposed or treated at in the Investigation Area. In addition, identify:
 - a. the persons with whom the Respondent made such arrangements;
 - b. every date on which Respondent made such arrangements;
 - c. the nature, including the chemical content, characteristics, physical state (e.g., solid, liquid), and quantity (volume and weight) of all materials involved in each such arrangement;
 - d. in general terms, the nature and quantity of the non- hazardous materials involved in each such arrangement;
 - e. in general terms, the nature and quantity of any hazardous materials involved in each such arrangement;
 - f. the owner of the materials involved in each such arrangement, if not Respondent;
 - g. all tests, analyses, analytical results or manifests concerning each hazardous material involved in such transactions;
 - h. the address(es) for each Property, precise locations at which each material involved in such transactions actually was disposed or treated;
 - i. the owner or operator of each facility at which hazardous or non-hazardous materials were arranged to be disposed at within the Investigation Area;
 - j. who selected the location to which the materials were to be disposed or treated;
 - k. who selected the Property as the location at which hazardous materials were to be disposed or treated; and

1. any records of such arrangement(s) and each shipment.
28. Describe the plants and other buildings or structures where Respondent carried out its operations at each Property within the Investigation Area (excluding locations where ONLY clerical/office work was performed).
29. Provide a schematic diagram or flow chart that fully describes and/or illustrates the Respondent's operations on each Property.
30. Provide a brief description of the nature of Respondent's operations at each location on each Property including:
 - a. the date such operations commenced and concluded; and
 - b. the types of work performed at each location, including but not limited to the industrial, chemical, or institutional processes undertaken at each location.
31. If the nature or size of Respondent's operations changed over time, describe those changes and the dates they occurred.
32. List the types of raw materials used in Respondent's operations, the products manufactured, recycled, recovered, treated, or otherwise processed in these operations.
33. Provide copies of Material Safety Data Sheets (MSDS) for materials used in the Respondent's operations.
34. Describe the cleaning and maintenance of the equipment and machinery involved in these operations, including but not limited to:
 - a. the types of materials used to clean/maintain this equipment/machinery;
 - b. the monthly or annual quantity of each such material used;
 - c. the types of materials spilled in Respondent's operations;
 - d. the materials used to clean up those spills;
 - e. the methods used to clean up those spills; and
 - f. where the materials used to clean up those spills were disposed of.
35. Describe the methods used to clean up spills of liquid or solid materials during Respondent's operation.
36. For each type of waste (including by-products) from Respondent's operations, including but not limited to all liquids, sludges, and solids, provide the following information:
 - a. its physical state;
 - b. its nature and chemical composition;
 - c. its color;
 - d. its odor;
 - e. the approximate monthly and annual volumes of each type of waste (using such measurements as gallons, cubic yards, pounds, etc.); and
 - f. the dates (beginning & ending) during which each type of waste was produced by Respondent's operations.

37. Provide a schematic diagram that indicates which part of Respondent's operations generated each type of waste, including but not limited to wastes generated by cleaning and maintenance of equipment and machinery and wastes resulting from spills of liquid materials.
38. Identify all individuals who currently have and those who have had responsibility for Respondent's environmental matters (e.g. responsibility for the disposal, treatment, storage, recycling, or sale of Respondent's wastes). Also provide each individual's job title, duties, dates performing those duties, supervisors for those duties, current position or the date of the individual's resignation, and the nature of the information possessed by such individuals concerning Respondent's waste management.
39. For each type of waste describe Respondent's contracts, agreements, or other arrangements for its disposal, treatment, or recycling.
40. Provide copies of such contracts and other documents reflecting such agreements or arrangements, Including, but not limited to the following:
 - a. state where Respondent sent each type of its waste for disposal, treatment, or recycling;
 - b. identify all entities and individuals who picked up waste from Respondent or who otherwise transported the waste away from Respondent's operations (these companies and individuals shall be called "Waste Carriers" for purposes of this Information Request);
 - c. if Respondent transported any of its wastes away from its operations, please so indicate;
 - d. for each type of waste specify which Waste Carrier picked it up;
 - e. indicate the ultimate disposal/recycling/treatment location for each type of waste;
 - f. provide all documents indicating the ultimate disposal/recycling/treatment location for each type of waste; and
 - g. state the basis for and provide any documents supporting the answer to the previous question.
41. Describe all wastes disposed by Respondent into Respondent's drains including but not limited to:
 - a. the nature and chemical composition of each type of waste;
 - b. the dates on which those wastes were disposed;
 - c. the approximate quantity of those wastes disposed by month and year;
 - d. the location to which these wastes drained (e.g. septic system or storage tank at the Property, pre- treatment plant, Publicly Owned Treatment Works (POTW), etc.); and
 - e. whether and what pretreatment was provided.
42. Identify any sewage authority or treatment works to which Respondent's waste was sent.
43. Describe all settling tank, septic system, or pretreatment system sludges or other treatment wastes resulting from Respondent's operations.

44. If applicable, describe the facilities, processes and methods Respondent or Respondent's contractor used, and activities engaged in, either currently or in the past, related to ship building, retrofitting, maintenance or repair, including, but not limited to, dry-docking operations, tank cleaning, painting and re-powering.
45. Describe any hazardous substances, wastes, or materials used or generated by the activities described in response to the previous Question and how these hazardous substances, materials and wastes were released or disposed of.
46. Provide copies of any records you have in your possession, custody or control relative to the activities described in response to the previous two Questions.
47. Describe any process or activity conducted on a Property identified in response to Question 4 involving the acquisition, manufacture, use, storage, handling, disposal or release or threatened release of polychlorinated biphenyl(s) ("PCB(s)" or PCB(s)-containing materials or liquids.
48. For each process or activity identified in response to the previous Question, describe the dates and duration of the activity or process and the quantity and type of PCB(s) or PCB(s) containing materials or liquids.
49. For each process or activity identified in response to the previous two Questions, identify the location of the process or activity on the Property.

Section 5.0 Regulatory Information

50. Identify all federal, state and local authorities that regulated the owner or operator of each Property and/or that interacted with the owner or operator of each Property. Your response is to address all interactions and in particular all contacts from agencies/departments that dealt with health and safety issues and/or environmental concerns. This question includes all correspondence between Brix Maritime Co. and any regulatory or government agency, including but not limited to:
 - a. EPA,
 - b. Oregon Department of Environmental Quality,
 - c. United States Coast Guard, and
 - d. United States Army Corps of Engineers.
51. Describe all occurrences associated with violations, citations, deficiencies, and/or accidents concerning each Property during the period being investigated related to health and safety issues and/or environmental concerns. Provide copies of all documents associated with each occurrence described.
 - a. the response should include, but is not limited to, all documentation regarding a "Notice of Civil Penalty Assessment" issued on December 29, 2003, # 2003-163 and identify the specific circumstances upon which the penalty was assessed.
52. Provide a list of all local, state and federal environmental permits ever issued to the owner or operator on each Property (e.g., RCRA permits, NPDES permits, etc.). Please

provide a copy of each federal and state permit, and the applications for each permit, ever issued to the owner or operator on each Property.

53. Did the owner or operator ever file a Hazardous Waste Activity Notification under the RCRA? If so, provide a copy of such notification.
54. Did the owner or operator's facility on each Property ever have "interim status" under the RCRA? If so, and the facility does not currently have interim status; describe the circumstances under which the facility lost interim status.
55. Provide all RCRA Identification Numbers issued to Respondent by EPA or a state for Respondent's operations.
56. Identify all federal offices to which Respondent has sent or filed hazardous substance or hazardous waste information. State the years during which such information was sent/filed.
57. Identify all state offices to which Respondent has sent or filed hazardous substance or hazardous waste information. State the years during which such information was sent/filed.
58. List all federal and state environmental laws and regulations under which Respondent has reported to federal or state governments, including but not limited to: Toxic Substances Control Act, 15 U.S.C. Sections 2601 et seq., (TSCA); Emergency Planning and Community Right-to-Know Act, 42 U.S.C. Sections 1101 et seq., (EPCRA); and the Clean Water Act (the Water Pollution Prevention and Control Act), 33 U.S.C. Sections 1251 et seq., Oregon Hazardous Substance Remedial Action Law, ORS 465.315, Oregon Water Quality law, ORS Chapter 468(b), Oregon Hazardous Waste and Hazardous Materials law, ORS Chapters 465 and 466, or Oregon Solid Waste law, ORS Chapter 459. Provide copies of each report made, or if only oral reporting was required, identify the federal and state offices to which such report was made.
59. Provide a copy of any registrations, notifications, inspections or reports required by the Toxic Substances Control Act, 15 USC § 2601 et seq., or state law, to be maintained or submitted to any government agency, including fire marshal(s), relating to PCB(s) or PCB(s) containing materials or liquids on any Property identified in response to Question 4.
60. Has Respondent or Respondent's contractors, lessees, tenants, or agents ever contacted, provided notice to, or made a report to the Oregon Department of State Lands ("DSL") or any other state agency concerning an incident, accident, spill, release, or other event involving Respondent's leased state aquatic lands? If so, describe each incident, accident, spill, release, or other event and provide copies of all communications between Respondent or its agents and DSL or the other state agency and all documents that were exchanged between Respondent, its agents and DSL or other state agency.
61. Describe all notice or reporting requirements to DSL that you had under an aquatic lands lease or state law or regulation regarding incidents affecting, or activities or operations occurring on leased aquatic lands. Include the nature of the matter required to be reported and the office or official to whom the notice or report went to. Provide copies of

all such notices or reports.

Section 6.0 Releases and Remediation

62. Identify all leaks, spills, or releases into the environment of any waste, including petroleum, hazardous substances, pollutants, or contaminants, that have occurred at or from each Property, which includes any aquatic lands owned or leased by Respondent. In addition, identify and provide any copies of documents regarding:
- when such releases occurred;
 - how the releases occurred (e.g. when the substances were being stored, delivered by a vendor, transported or transferred (to or from any tanks, drums, barrels, or recovery units), and treated);
 - the amount of each hazardous substances, pollutants, or contaminants so released;
 - where such releases occurred;
 - any and all activities undertaken in response to each such release or threatened release, including the notification of any agencies or governmental units about the release;
 - any and all investigations of the circumstances, nature, extent or location of each release or threatened release including, the results of any soil, water (ground and surface), or air testing undertaken; and
 - all persons with information relating to these releases;
 - list all local, state, or federal departments or agencies notified of the release, if applicable; and
 - all information requested in (a) through (h) above regarding but not limited to a March 1995 release of power steering fluid. Also identify the trade name of the fluid involved.
63. Was there ever a spill, leak, release or discharge of waste, including petroleum, or hazardous substances, pollutant or contaminant into any subsurface disposal system or floor drain inside or under a building on the Property? If the answer to the preceding question is anything but an unqualified "no", identify:
- where the disposal system or floor drains were located;
 - when the disposal system or floor drains were installed;
 - whether the disposal system or floor drains were connected to pipes;
 - where such pipes were located and emptied;
 - when such pipes were installed;
 - how and when such pipes were replaced, or repaired; and

 - vi. Twin City Barges;
 - e. describe the nature and extent of any ownership interest that you may have in Brix Maritime Company, an Oregon corporation, and when and how such ownership interest was acquired including information regarding but not limited to the acquisition of Brix Maritime Company by The Foss Maritime Company in 1993;
 - f. provide any and all insurance policies for such affiliated entity(ies) which may possibly cover the liabilities of the Respondent at each Property; and
 - g. provide any and all corporate financial information of such affiliated entities, including but not limited to total revenue or total sales, net income, depreciation, total assets and total current assets, total liabilities and total current liabilities, net working capital (or net current assets), and net worth; and
 - h. provide all reports or documentation pertaining to any subsidiary relationships Respondent has with any company or entity that owns or operates within the Portland Harbor Investigation Area. Also provide any Securities and Exchange Commission reports filed by Foss Maritime Company or Saltchuck Resources, Inc., including any 10k reports filed since 1990.
78. If Respondent is a partnership, please describe the partnership and provide a history of the partnership's existence. Provide a list of all current and past partners of any status (e.g., general, limited, etc.) and provide copies of all documents that created, govern, and otherwise rules the partnership, including any amendments or modifications to any of the originals of such documents, and at least five years of partnership meeting minutes.

Section 9.0 Compliance With This Request

79. Describe all sources reviewed or consulted in responding to this request, including, but not limited to:
- a. the name and current job title of all individuals consulted;
 - b. the location where all sources reviewed are currently reside; and
 - c. the date consulted.
80. If not already provided, identify and provide a last known address or phone number for all persons, including Respondent's current and former employees or agents, other than

attorneys, who have knowledge or information about the generation, use, purchase, storage, disposal, placement, or other handling of hazardous materials at, or transportation of hazardous substances, waste, or materials to or from, each Property identified in response to Question 4.

81. If any of the documents solicited in this information request are no longer available, please indicate the reason why they are no longer available. If the records were destroyed, provide us with the following:
- a. the document retention policy between 1937 and the present;
 - b. the approximate date of destruction;
 - c. a description of the type of information that would have been contained in the documents;
 - d. the name, job title and most current address known by you of the person(s) who would have produced these documents; the person(s) who would have been responsible for the retention of these documents; the person(s) who would have been responsible for destroying the documents; and the person(s) who had and/or still have the originals or copies of these documents; and
 - e. the names and most current addresses of any person(s) who may possess documents relevant to this inquiry.
82. Provide a description of all records available to you that relate to all of the questions in this request, but which have not been included in your responses.

INSTRUCTIONS

1. Answer Each Question Completely. Provide a separate answer to each question and subpart set forth in this Information Request. Please provide responses to all the questions in this Information Request for each Property identified in response to Question 4 of Section 2.0, when appropriate. For each Response clearly identify the Property or Properties to which the response applies. Incomplete, evasive, or ambiguous answers shall constitute failure to respond to this Information Request and may subject the Respondent to the penalties set out in the cover letter.
2. Response and Copies of Documents Must be on Paper (hard copy). Provide the responses to this Information Request and at least one copy of all requested documents on hard copy paper.

There is a Portland Harbor PRP search website:

(<http://yosemite.epa.gov/R10/CLEANUP.NSF/7d19cd587dff1eee8825685f007d56b7/75e7f27bd108f3eb88256f4a007ba018!OpenDocument>) that lists documents in the Superfund program's files related to certain facilities or parties. You do not need to provide a copy of a document that appears on the list if EPA has a complete copy. If a document is on EPA's list, you still must provide a complete Response to each question in this Information Request and, if necessary in order to completely respond to a Question, describe the content of any document in EPA's files in your Response.

You may also provide a second copy of the response electronically on a compact disc, if you choose, in Portable Document Format (PDF) format. If possible, further format large documents as follows;

- a. Bookmark documents longer than 10 pages for easier navigation (e.g., chapters);
 - b. Ensure that file/document properties/initial view is for "bookmarks panel and page" if there are bookmarks.
 - c. For document composed of multiple files, link together with a starter file that is less than 2 MB, i.e., the document's executive summary. The executive summary should have a bookmarks panel with bookmark links to the other files. Ensure that all files are saved to the same folder, rather than multiple folders so that the linkage is retained.
 - d. Bookmarks to other files should indicate the name of that file (and size of that file, if over 1 MB).
 - e. "Tag" the document for accessibility if this was not done by the source application (advanced/accessibility/tag).
 - f. Enter document properties: 1) title, author (should be XXXX for EPA Region 10), 2) subject, and 3) keywords.
3. Number Each Answer. Number each answer with the number of the question to which it corresponds.

4. Provide the Best Information Available. Provide responses to the best of Respondent's ability, even if the information sought was never put down in writing or if the written documents are no longer available. Seek out responsive information from current and former employees/agents. Submission of cursory responses when other responsive information is available to the Respondent will be considered noncompliance with this Information Request.
5. Identify Information Sources. For each question, identify all persons and documents relied upon for the answer.
6. Confidential Information. The information requested herein must be provided even though the Respondent may contend that it includes confidential information or trade secrets. The Respondent may assert a confidentiality claim covering part or all of the information requested, pursuant to 42 U.S.C. ● 9604(e)(7)(E) and (F), and 40 C.F.R. ● 2.203(b). All information claimed to be confidential should be contained on separate sheet(s) and should be clearly identified as "trade secret" or "proprietary" or "company confidential." A confidentiality claim should be supported by the submission of information consistent with 40 C.F.R. Part 2. Information covered by a confidentiality claim will be disclosed by EPA only to the extent, and only by means of the procedures, provided in 40 C.F.R. ● 2.201-2.311. If no such claim accompanies the information received by EPA, it may be made available to the public by EPA without further notice.
7. Disclosure to EPA Contractor. Information submitted in response to this Information Request may be disclosed by EPA to authorized representatives of the United States, pursuant to 40 C.F.R. 2.310(h), even if the Respondent asserts that all or part of it is confidential business information. EPA may provide this information to its contractors for the purpose of organizing and/or analyzing the information contained in the responses to this Information Request. If submitting information and asserting it is entitled to treatment as confidential business information, the Respondent may comment on EPA's intended disclosure within 14 days of receiving this Information Request.
8. Personal Privacy Information. Personnel and medical files, and similar files the disclosure of which to the general public may constitute an invasion of privacy, should be segregated from responses, included on separate sheet(s), and marked as "Personal Privacy Information". Note, however, that unless prohibited by law, EPA may disclose this information to the general public without further notice.
9. Objections. The Respondent must provide responsive information notwithstanding objections to certain questions. To object without providing responsive information may subject Respondent to the penalties set out in the cover letter.
10. Privilege. If a privilege is asserted for any document responsive to this Information Request, identify (see Definitions) the document and provide the basis for assertion. If a privilege exists for only a portion of a document, provide the portion of the document that is not asserted be privileged, identify the portion that is asserted to be privileged, and provide the basis for asserting privilege. Please note that regardless of the assertion of any privilege, any facts contained in the document which are responsive to the Information Request must be disclosed in your response.

11. Declaration. The Respondent must complete the enclosed declaration, certifying the accuracy of all statements in your response.

DEFINITIONS

All terms not defined herein shall have their ordinary meaning, unless such terms are defined in Section 101 of CERCLA, 42 U.S.C. • 9601, *et seq.*, or Volume 40 of the Code of Federal Regulations (CFR), in which case such statutory or regulatory definitions shall apply.
